THRIVES ON
CHALLENGES

Be inspired and explore more of our building materials

Swimming pool products, and Construction services by browsing our catalogs.

إيثار الرافدين
Ethar Al Rafidain

ABOUT

Ethar Al Rafidain has been active in the Iraqi building and construction industry since 2005. Since then, Ethar Al Rafidain was part of numerous prestigious projects. The company delivers to the Iraqi market the best products from leading manufacturers in France, Belgium, and Italy. Over the years, Ethar Al Rafidain has acquired its reputation as a reliable provider of Admixtures for concrete, Tile materials & grouting, Flooring, Facade & external wall thermal insulation, Waterproofing, Mortars as well as Foam, Sealant, adhesives, and swimming pool materials & Supplies.

Our philosophy is to use the best quality materials, artisan craftsmanship, and cutting-edge technology to meet the unique requirements of our infinitely varied clientele. We provide a comfortable, safe, beautiful, and sustainable line of products that meld beauty with cost efficiency.

OUR MISSION

Is to play a key role in improving the quality of people's lives by providing increasingly sustainable products for the construction industry.

OUR VISION

Is to establish innovative, high-quality products & Services for our clients and support their projects with the utmost care.

OUR VALUE

Is to highly prioritize the importance of our residential and commercial clients' requirements so we can achieve deep-rooted client relationship management. Our professional staffs are there to assist regarding any matter and are willing to implement viable solutions.

HISTORY

Born in 2005 by a highly experienced and qualified group of engineers and designers established in the United Arab Emirates. Since then, we have successfully established strategic partnerships and/or alliances with well-known international suppliers such as French supplier Sodamco Weber Saint-Gobain, Belgium supplier Soudal and Italian supplier AQUA as well as a team of specialists enabling us to provide Quality Products and Services to our clients.

In 2013, our company expanded its reach to Iraq establishing 3 major branches in Baghdad, Najaf, and Basra & a distribution center in Karbala taking over major projects and clients.

We've done work in many communities across the UAE & Iraq, where we have outstanding relations with the community management as well as the Municipalities. We have an impeccable reputation as innovative, creative, reliable, and highly qualified engineers with over 27 years of experience in the industry..

SERVICES

Ethar Al Rafidian is honored to be in the space of building materials serving the entire Iraqi market for construction, renovation, commercial & residential, Pools, and DIY needs. It is well-equipped to supply within a short lead time while ensuring a market competitive price.

Finding the right company is key to the overall success of your indoor & outdoor project. It's essential to find a team with the skills, experience, and ability to complete your project with the utmost care. Ethar Al-Rafidian manages each project with a dedicated team and project manager, so no matter what phase of the project, you know who's in charge, and have a consistent point of contact who knows your job inside and out. We are experts in all types of building materials, Pool construction, and also project maintenance, including

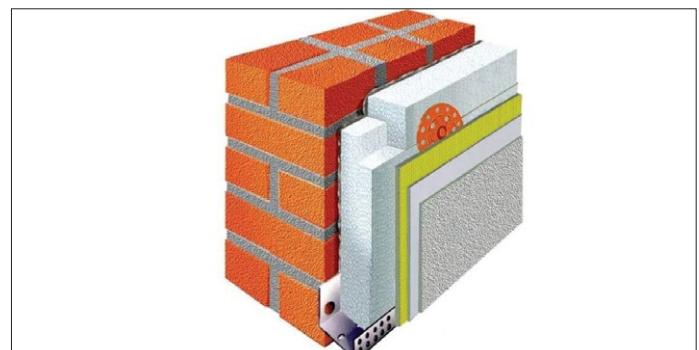

Admixtures For Concrete

Tile materials & grouting

Waterproofing

Facade & external wall thermal insulation

Flooring

Mortars

Foam, Sealant & adhesives

All types of swimming pools

Jacuzzi pools

Mechanical, Electrical & plumping equipment & installation for pools

Fountains

Pool cleaning & general maintenance

Chemical products & maintenance for pools

Landscaping & design

PARTNERS

we
care*

We are here to help in a manner that goes beyond a checklist of measurable benefits.

Sodamco Weber Saint-Gobain

Part of the Global Saint-Gobain group, **founded in 1665 by King Louis XIV, in Paris.** Today, it has operations in more than 67 countries and close to 1000 production sites worldwide. Saint-Gobain is also one of the world's 100 most innovative companies.

The company specializes in high quality:

Admixtures for concrete | Tile materials & grouting | Waterproofing

Facade & external wall thermal insulation | Flooring | Mortars

AQUA Industrial Group

An international water treatment and pool equipment powerhouse **established in 1974 in San Martino, Rio, Italy** with branches in over 100 countries.

Throughout the years, they have always upheld their internal policy of putting the needs of the customers first. They keep an eye on the international markets to be updated on the changing needs of customers and the defining trends in the industry.
