ETHAR POOLS

We Turn Dreams Into Works of Art

Our designs are custom-made
to meet each client's individual tastes, needs, and budget.

ABOUT

We design/build stunning and unique swimming pools, landscaping, and outdoor spaces with a passion for innovation and creativity. With over 27 years of experience in the field. We have become a premier designer and builder of innovative, beautiful, and highly functional pools and yard spaces.

Our philosophy is to use the best quality materials, artisan craftsmanship, and cutting-edge designs to meet the unique requirements of our infinitely varied clientele. We build healthy, comfortable, safe, beautiful, and sustainable environments that meld beauty with cost efficiency.

OUR MISSION

Is to turn your dream into reality by providing design and build solutions in Swimming pools, Landscaping, Fit-out, and maintenance services for properties.

OUR VISION

Is to establish innovative customized pool projects for our clients and support their property under the utmost care.

OUR VALUE

Is to highly prioritize the importance of our residential and commercial clients' requirements so we can achieve deep-rooted client relationship management. Our professional staffs are there to assist regarding any matter and are willing to implement viable solutions.

HISTORY

Born in 2005 by a highly experienced and qualified group of engineers and designers established in the United Arab Emirates. Since then, we successfully established a strategic partnership and/or alliances with well-known international suppliers such as Italian supplier AQUA, French supplier Sodamco Weber Saint-Gobain and Belgium supplier Soudal as well as a team of specialists enabling us to provide Quality Products and Services to our clients.

Our team has designed and built pools and outdoor spaces in Dubai, including—Jumeirah Island, Palm Jumeirah, Emirates Hills, Jumeirah Park, Jumeirah Golf Estates, Al Barari, Greens Community, The Villas, Arabian Ranches, and many other communities and private villas throughout the Emirates (Abu Dhabi, Ajman, Sharjah & RAK).

In 2013, our company expanded its reach to Iraq establishing 3 major branches in Baghdad, Najaf & Basra as well as a distribution centre in Karbala taking over major projects such as the Olympic pool in Najaf.

We've done work in many communities across the UAE & Iraq, where we have outstanding relations with the community management as well as the Municipalities. We have an impeccable reputation as an innovative, creative, reliable, and highly qualified pool contractor with over 27 years of experience in the industry.

SERVICES

Finding the right contractor is key to the overall success of your indoor & outdoor project. It's essential to find a pool and landscape contractor with the skills, experience, and ability to complete your project.

Ethar Pools manages each project with a dedicated team and project manager, so no matter what phase of the project, you know who's in charge, and have a consistent point of contact who knows your job inside and out. We are experts in all types of pool and water feature construction and maintenance, including:
